PROFESSIONAL SUMMARY

Results-driven Senior Financial Analyst with expertise in Corporate Finance, **FP&A**, and Accounting, complemented by strong experience in Collaborative Planning, Forecasting and Replenishment (**CPFR**) within multinational retail and distribution environments. Skilled in financial reporting, data analytics, financial modeling, and optimization techniques to support strategic decision-making. Recognized for improving forecast accuracy, enhancing inventory planning, and aligning financial performance with business objectives in dynamic, cross-functional settings.

EXPERIENCE

Business Analytics Consultant — Compass Logistics & Marine, LLC *April 2024 – Present*

- Designed and implemented Power BI dashboards to monitor financial and operational KPIs, enhancing visibility for management decisions.
- Developed forecasting models for sales and expenses, improving planning accuracy and supporting cost optimization initiatives.
- Automated reporting workflows in Excel and SQL, reducing manual processing time by 30% and ensuring data consistency across departments.
- Partnered with leadership to deliver ad-hoc financial and operational analyses, supporting strategic projects in logistics and marine operations.

Operations Analyst — Del Valle Brands

April 2024 – Present

- Manage Accounts Receivable and Billing processes, ensuring accuracy and timely collections.
- Oversee Inventory Management and Accounts Payable, streamlining purchasing and vendor reconciliation.
- Build financial and operational reports, leveraging automation tools to increase reporting efficiency.

Logistics Analyst — Safety Systems Barricades Corp

August 2023 – March 2024

- Built KPI dashboards for fleet management (utilization, on-time performance, fuel, maintenance) to improve operational visibility.
